Zamac Nail-ins

Description: The Zamac Nail-in is a nail drive anchor which has a body formed from Zamac alloy. Nail-ins are available in Stainless Steel or Galvanized (Carbon). The anchor can be used in concrete, block, brick, or stone. 1/4" Nail-ins are used with 1/4" drill bits, which should be drilled into the base material at least 1/4" deeper than the required embedment.
